

FiberTies – 2nd Fiber Symposium November 2016

Programme, Monday November 28th 2016

Fiber Composites

- 9:00 *Registration and breakfast/setting up display stands*
- 9:30 **Welcome and introduction to the day**
- 9:40 **Utilization of composites**
Kristoffer Segerholm, SP
- 10:00 **Upcycling of residual wood fibers for composites**
Bodil Pallesen, Agrotech
- 10:25 **A brief review of agricultural fibers in polypropylene**
Anand Sanadi, Copenhagen University
- 10:45 **Presentation of the activities during the Hand-on-workshop**
- 10:50 *Coffee break*
- 11:00 **Session 1: Product development and business case**
- 12:00 *Lunch and visiting stands*
- 13:00 **Parallel session 2: Hands-on in the lab**
- 13:00 **Parallel session 3: Documentation and testing**
- 15:15 **Emissions from biobased composites**
Helene Bendstrup Klinke, DTI
- 15:30 **Wrapping up the day**
- 15:45 *Coffee, networking and possibility of visiting stands*

Programme, Tuesday November 29th 2016

Wet extraction of fibers and pulping processes

- 8:00 *Registration and breakfast/setting up display stands*
- 8:30 **Welcome back and introduction to the day**
- 8:40 **Pulping of wood for industrial uses**
Bo Smeder, Creando Training
- 9:10 **Development of pulp-based products:
Fiber vs. product properties**
Kristian Søllner, ecoXpac
- 9:30 **Flexible molding and barrier coatings for implementation of
sustainable fiber based packaging**
Alexander Bardenshtein, DTI
- 9:50 **Presentation of the wet fractionation and the
activities during the Hand-on-workshop**
- 10:10 *Coffee break*
- 10:25 **Hands-on in the lab**
- 11:30 *Lunch and visiting stands*
- 12:30 **Hands-on in the lab**
- 14:30 **Wrapping up the day**
- 14:45 *Coffee, networking and possibility of visiting stands*
